

Insurance for Primary Care Networks

What do you need to know?

As you form your PCN, you need to ensure that you have the right insurance in place from day one.

Your PCN could be exposed to potential gaps, for example do you have adequate cover for:

Day to day management of contracts and handling of NHS funds

Employees working across different sites

Network Clinical Directors acting on behalf of multiple practices

Decision makers within the PCN being open to accusations of error or omission

Protection for your ARRS funded staff

Note:

This does not change the need for each individual practice to maintain their current insurance.

Why use MIAB?

MIAB have developed a tailored PCN Insurance package to cover healthcare business which have formed a legal entity to help deliver contracted services.

This will provide options to include the following cover:

Insurance Reviews for: Primary Care Networks

We have extensively researched the Healthcare landscape and have developed a dedicated scheme for Primary Care Network Limited companies and GP Federations.

Our PCN cover is a tailored policy in partnership with an **A-rated insurer** which is unique to the market. It provides comprehensive protection under one main policy for all aspects of your business no matter the size.

What are the Benefits of cover?

- ✓ One point of contact for all cover
- ✓ Ability to select varying limits of indemnity /liability across policy
- ✓ Interest free direct debit available
- ✓ Risk Management Academy
- ✓ Specialist cover to the industry
- ✓ Can include Public Liability cover up to £10m
- ✓ One common renewal date for all cover
- ✓ Policy can be amended as the business or exposures grow
- ✓ Documents issued immediately by our office once you have selected your cover.

Why have an insurance review?

As a newly established network, it's important that you consider what insurances are required to make sure you, and the organisation, are adequately protected.

What is a review?

Our first steps will be to get to know your network better. During the review, an adviser will:

- ✓ Explore your network and how it is set up
- ✓ Understand decision making within your network
- ✓ Understand the objectives of your network and what services you are aiming to provide to the GP community
- ✓ Discuss the type of staff which the business will employ
- ✓ How is your business currently covered
