Introduction

Welcome to Aviva. **We** are committed to providing a first-class service.

Aviva is the UK's largest insurer with over 200 years' experience in the insurance industry. This

Locum Insurance policy sets out the insurance protection in detail.

Your premium has been calculated on the basis of the extent of cover **You** have selected which is specified in the **Schedule**, the information **You** have provided and the Statement of Fact you have read and understood. Please read the policy and the **Schedule** carefully to ensure that the cover meets **Your** requirements.

Medical Insurance Advisory Bureau Ltd is the Scheme Administrator and is authorised to act on behalf of **Us** to issue this Contract and Schedule to **You**. Medical Insurance Advisory Bureau Ltd will answer any questions about the insurance cover.

This policy consists of individual sections. **You** should read this policy in conjunction with the **Schedule** which confirms the sections **You** are insured under and gives precise details of the extent of **Your** insurance protection.

The Contract of Insurance

The policy, the information **You** have provided and the **Schedule** should be read together and form the contract of insurance between **You**, the **Policyholder**, and **Us**, Aviva.

In return for **You** having paid or agreed to pay the premium, **We** will indemnify **You** by payment in respect of loss, injury or **Sickness** occurring during the **Period of Insurance**, to the extent of and subject to the terms contained in or endorsed on the policy.

Important

This policy is a legal contract. **You** must tell **Us** about any material circumstances which affect **Your** insurance and which have occurred either since the policy started or since the last renewal date.

A circumstance is material if it would influence **Our** judgement in determining whether to provide the cover and, if so, on what terms. If **You** are not sure whether a circumstance is material ask **Your** insurance adviser. If **You** fail to tell **Us** it could affect the extent of cover provided under the policy.

You should keep a written record (including copies of letters) of any information **You** give **Us** or **Your** insurance adviser when **You** renew this policy.

Breach of Term

We agree that where there has been a breach of any term (express or implied) which would otherwise result in **Us** automatically being discharged from any liability, then such a breach shall result in any liability **We** might have under this policy being suspended. Such a suspension will apply only from the date and time at which the breach occurred and up until the date and time at which the breach is remedied. This means that **We** will have no liability in respect of any loss occurring, or attributable to something happening, during the period of suspension.

Terms not relevant to the actual loss

Where there has been non-compliance with any term (express or implied) of this policy, other than a term that defines the risk as a whole, and compliance with such term would tend to reduce the risk of:

- loss of a particular kind, and/or
- loss at a particular location, and/or
- loss at a particular time,

then **We** agree that **We** may not rely on the non-compliance to exclude, limit or discharge **Our** liability under this policy if **You** show that non-compliance with the term could not have increased the risk of the loss which actually occurred in the circumstances in which it occurred.

Aviva Privacy Notice

Personal Information

We collect and use personal information about you so that we can provide you with a policy that suits your insurance needs. This notice explains the most important aspects of how we use your information but you can get more information about the terms we use and view our full privacy policy at www.aviva.co.uk/privacypolicy or request a copy by writing to us at Aviva, Freepost, Mailing Exclusion Team, Unit 5, Wanlip Road Ind Est, Syston, Leicester LE7 1PD.

The data controller responsible for this personal information is Aviva Insurance Limited as the insurer of the product. Additional controllers include Lloyd & Whyte Ltd, who are responsible for the sale and distribution of the product, and any applicable insurers, reinsurers or brokers we use.

Personal information we collect and how we use it

We will use personal information collected from you and obtained from other sources:

- to provide you with insurance: we need this to decide if we can offer insurance to you and if so on what terms and also to administer your policy, handle any claims and manage any renewal,
- to support legitimate interests that we have as a business. We need this to:
 - manage arrangements we have with our insurers, reinsurers and brokers we use, and for the detection and prevention of fraud,
 - help us better understand our customers and improve our customer engagement. This includes profiling and customer analytics which allows us to make certain predictions and assumptions about your interests, make correlations about our customers to improve our products and to suggest other products which may be relevant or of interest to customers,
- to meet any applicable legal or regulatory obligations: we need this to meet compliance requirements with our regulators (e.g. Financial Conduct Authority), to comply with law enforcement and to manage legal claims, and
- to carry out other activities that are in the public interest: for example we may need to use personal information to carry out anti-money laundering checks.

We may also use personal information about other people, for example family members you wish to insure on a policy. If you are providing information about another person we expect you to ensure that they know you are doing so. You might find it helpful to show them this privacy notice.

The personal information we collect and use will include name, address and date of birth, financial information and details of your business and property. If a claim is made we will also collect personal information about the claim from you and any relevant third parties. We may also need to ask for details relating to the health or any unspent offences or criminal convictions of you or somebody else covered under your policy. We recognise that information about health and offences or criminal convictions is particularly sensitive information. We'll ensure that we only use that information where we need to for our insurance purposes (including assessing the terms of your insurance contract, dealing with changes to your policy and/or dealing with claims).

There may be times when we need consent to use personal information for a specific reason. If this happens we will make this clear to you at the time. If you give us consent to using personal information, you are free to withdraw this at any time by contacting us – refer to the “Contacting us” details below. Please note that if consent to use this information is withdrawn we will not be able to continue to process the information you gave us for this/these purposes(s). This would not affect our use of the information where consent is not required.

Important Information(Continued)

Of course, you don't have to provide us with any personal information, but if you don't provide the information we need we may not be able to proceed with your application or any claim you make.

Some of the information we use as part of this application may be provided to us by a third party. This may include information already held about you and your business and property within the Aviva group, including details from previous quotes and claims, information we obtain from publicly available records, our trusted third parties and from industry databases, including fraud prevention agencies and databases.

Credit Reference Agency Searches

To ensure the Insurer has the necessary facts to assess your insurance risk, verify your identity, help prevent fraud and provide you with our best premium and payment options, the Insurer may need to obtain information relating to you at quotation, renewal and in certain circumstances where policy amendments are requested. The Insurer or their agents may undertake checks against publicly available information (such as electoral roll, county court judgments, bankruptcy orders or repossession(s)). Similar checks may be made when assessing claims.

The identity of our Credit Reference Agency and the ways in which they use and share personal information, are explained in more detail at www.transunion.co.uk/crain.

Automated decision making

We carry out automated decision making to decide whether we can provide insurance to you and on what terms, deal with claims or carry out fraud checks. In particular we use an automated underwriting engine to provide a quote for this product, using the information we have collected.

How we share your personal information with others

We may share your personal information:

- with the Aviva group, our agents and third parties who provide services to us, and your intermediary and other insurers (either directly or via those acting for the insurer such as loss adjusters or investigators) to help us administer our products and services,
- with regulatory bodies and law enforcement bodies, including the police, e.g. if we are required to do so to comply with a relevant legal or regulatory obligation,
- with other organisations including insurers, public bodies and the police (either directly or using shared databases) for fraud prevention and detection purposes,
- with reinsurers who provide reinsurance services to Aviva and for each other in respect of risks underwritten by Aviva, with insurers who cover Aviva under its group insurance policies and with our brokers who arrange and manage such reinsurance and insurance arrangements. They will use your data to decide whether to provide reinsurance and insurance cover, arrange and manage such cover, assess and deal with reinsurance and insurance claims under such cover and to meet legal obligations. They will keep your data for the period necessary for these purposes and may need to disclose it to other companies within their group, their agents and third party service providers, law enforcement and regulatory bodies.

Some of the organisations we share information with may be located outside of the European Economic Area ("EEA"). We'll always take steps to ensure that any transfer of information outside of Europe is carefully managed to protect your privacy rights. For more information on this please see our Privacy Policy or contact us.

Important Information(Continued)

How long we keep your personal information for

We maintain a retention policy to ensure we only keep personal information for as long as we reasonably need it for the purposes explained in this notice. We need to keep information for the period necessary to administer your insurance and deal with claims and queries on your policy. We may also need to keep information after our relationship with you has ended, for example to ensure we have an accurate record in the event of any complaints or challenges, carry out relevant fraud checks, or where we are required to do so for legal, regulatory or tax purposes.

Your rights

You have various rights in relation to your personal information, including the right to request access to your personal information, correct any mistakes on our records, erase or restrict records where they are no longer required, object to use of personal information based on legitimate business interests, including profiling and marketing, ask not to be subject to automated decision making if the decision produces legal or other significant effects on you, and data portability. In order to prevent and detect fraud **We** may at any time:

- Share information about **You** with other organisations and public bodies including the Police;
- Undertake credit searches and additional fraud searches;
- Check and/or file **Your** details with fraud prevention agencies and databases, and if **You** give **Us** false or inaccurate information and **We** suspect fraud, **We** will record this.

- Help make decisions about the provision and administration of insurance, credit and related services for **You** and members of your household;
- Trace debtors or beneficiaries, recover debt, prevent fraud and to manage **Your** accounts or insurance policies;
- Check **Your** identity to prevent money laundering, unless **You** provide **Us** with other satisfactory proof of identity.
- Check details of job applicants and employees.

Under the conditions of **Your** policy **You** must tell **Us** about any insurance related incidents (such as accidents, bodily injury, illnesses or incidents whilst travelling on business) whether or not they give rise to a claim.

We may search these databases when **You** apply for insurance, in the event of any incident or claim, or at time of renewal to validate **Your** claims history or that of any other person or property likely to be involved in the policy or claim.

You should show these notices to anyone who has an interest in the insurance under the policy.
